Dear Parent/Carers

I just would like to reiterate that we are here for the children and we are doing the best we can to ensure that we will deliver engaging and quality learning programs for all children at Dural Public School.

Schools will be remaining open but parents are advised and encouraged to keep their children at home if it is possible. Teachers are in the process of teaching those students who are still at school and then delivering the same lessons using online platforms that the classroom teachers and the children know. Some of these are: Class Dojo, Edmodo, Google Classrooms etc.

The type of online delivery will change throughout the coming weeks as more teaching programs will be written and developed. I ask parents to be patient and mindful that teachers are planning online delivery methods to send work home.

Class teachers will be sharing more information with you on a daily basis this week. Please ensure that you regularly check the school app, school website, email and newsletter. Please check the platform that the teachers use to communicate with your class.

I would like to thank all the Dural Public School families for your ongoing support and understanding as we navigate through these extremely challenging times.

Regards
